Subject: various meeting notes

Lunch with Pete on Tuesday -

Pete will be here April 7 and 8. 4/8 is Conservation Roundtable. He wants to meet with Board on April 7 (Tom Howard; various Board members). He would like us to have a "strategy" with the Board - I tried to explain that we may never get them to "own" our part of the strategy (ANPR).

Weekly Nawi BDCP call on Wednesday -

Ron Milligan - still a BOR employee but serving Nawi and Lester and lead federal agencies in getting BDCP and EIS/R done. Lester views as over Chuck Gardner.

Long discussion that I tuned out on (and then hung up at 10:00) about lead agency agreement blah blah blah.

Bi-weekly CEQ call on Wednesday -

Its still anticipated that we would have a Federal-State Workplan, largely focused on BDCP schedule but Tom Howard wants wq stuff in there as well. I need to react to latest version.

Chip Smith and Rock Salt were in CA last week and left thinking their key issues were dam safety, need for more storage, and levee integrity (heard that under and thru seepage were biggest issues for locals, more so than encroachment and vegetation). heard it would cost \$20-40 B to clear veg off levees and mitigate impacts to T&E species!

Meeting with Bob P on Thursday -

Just time to cover ANPR plan and contracts/overallocation issue. (spent more time on Klamath.) Bob said he could use a one-page piece and will look for an opportunity to raise with Hayes and potentially Lubchencko - Tom can you do this when you get back?
